Start Line & Selection: The race will start in the paddock. Athletes will be ranked and called forward to select a start position according to the ranking list.

Course Route (1.5km): The first run loop will be 2 laps in a clockwise direction. Please see the **Navy blue** line on the photo provided.

NB The run courses for runs 1 (navy blue) and 2 (light blue line) are essentially the same, so the navy blue line sits underneath the light blue line for the most part before extending slightly further to the turnaround.

Bike Course – 10km (3 Laps) Purple Line

Bike Information

[Bike course preview](#)

The bike route will be around the racing circuit. You will do three bike laps (3.3km per lap). When leaving the transition area, you will head out via the pit lane and then head up the hill. You will come into the paddock area at the end of every lap where there will be a channel for more laps and a channel for the transition. It is your responsibility to know the course route and to count your own laps.

Athletes are encouraged to ride safely and within their own limits based on the terrain and weather conditions.

The race is draft legal, lapped athletes will be pulled out of the race with immediate effect as per World Triathlon rules. Lapping out in the Super Series does not apply to Junior Senior Female races

Helmets are mandatory and must be worn fastened up at all times during the bike stage. Helmets should be put on in transition before you touch your bike and only taken off again once your bike has been racked in transition.

The race will be run under wet weather protocols and the chicanes at the top of the hill and bottom end of lake (nr globe) WILL be removed (see red arrows) – the course will flow straight through these sections instead.

Run 2– 1.5km (2 Laps) Light Blue Line

Again, you will complete 2 run laps, in a clockwise direction. Please see the **light blue** line on the course map provided. Note the turn around for the run 2 lap is earlier than run 1 turnaround point.

There will be one aid station on the run course, approximately 150m into the lap, this will consist of water only.

A designated litter zone will be in place. Anyone failing to discard their cups or additional litter within this zone will be subject to a penalty.

Rules and Regulations

The British Triathlon Super Series operates within and utilises the [World Triathlon Competition Rules](#). For specific rules and regulations, including uniform, equipment, and wheel regulations, please see the relevant Technical Guidance document under the [Resources](#) tab of the Super Series Website.

Gear Restrictions

Gear restrictions are now an established part of youth and children's draft legal racing. Gear restrictions will only apply to the Youth A categories in this race. For the full rationale on why we restrict gears and how this works at events please refer to the [British Triathlon gear restrictions booklet](#).

Marking Transition

As per the British Triathlon Competition Rule 7.1q: Marking positions in the Transition Area is forbidden. Marks and objects (such as balloons, talcum powder, chalk, towels) used for marking purposes are not permitted and will be removed and the competitors will not be notified. Wetsuits or other items of clothing hung over racking is classed as marking.

Wheel Regulations

Any wheels used at a British Triathlon Super Series race must be defined as standard (described in the relevant Technical Guidance documents for each category found on the [Resources](#) page) or listed on the [UCI Non-Standard Approved Wheel List](#). We ask that you please either keep the approval decal, memorise the page number that your wheels appear on within the wheel list, or have a screenshot of your wheels on the wheel list. This allows Officials managing wheel checks to find your wheels more easily on the list and speed up wheel checks.

Handlebars:

The brakes shall consist of two supports with levers. It must be possible to operate the brakes by pulling on the levers with the hands on the lever supports in accordance with the maximum inclination of 10°. Athletes who do not comply with this rule will not be permitted to race under any circumstances. This will be measured using the UCI approved tool on the day.

Uniform within the Field of Play

As per the World Triathlon Competition Rule 2.8ix: The uniform must be worn over both shoulders while the athlete is on the Field of Play. Nudity of any kind will not be permitted. The Super Series features minors racing and spectating and so this ruling must be respected by all. The Field of Play is defined as "The course on which the competition will take place, the start and pre start areas, the finish and post finish areas, the aid stations, the wheel stops, the penalty boxes, the ceremony area and the briefing area. Usually, the field of play is

separated from the public by a clear boundary".

Approved Running Shoe Guidance

Any running shoe used at a British Triathlon Super Series race must be listed on the World Athletics Approved Shoe List. Shoes listed in blue on the Approved list are 'Development' shoes and will not be accepted as World Athletics only has only approved their use in specific circumstances. If an athlete can provide proof from World Triathlon or World Athletics that they have been approved to wear the shoe during a specific period, they will be allowed to wear it. If a shoe was manufactured prior to 2016 and the manufacturer is listed in the Approved Shoe List, the shoe will be automatically approved. Any shoe manufactured after 2016, that isn't on the Approved Shoe List will NOT be approved. Bespoke shoes are not allowed under any circumstances. Please note, this is different to customised.

Any shoe that is suspected to be in breach of the above, or is protested, will be sent to British Triathlon for further analysis to assure they conform with the World Athletics guidelines. <https://www.worldathletics.org/about-iaaf/documents/technical-information> (Manuals and Guidelines > World Athletics Approved Shoe List) Please note that not all shoes are present on the list. In almost all cases that the shoes have been purchased from a manufacturer or sports store and are readily available to all, the shoe is legal.
